CHUKMA!

Greetings from the Chickasaw Nation! We are excited to report 2013 was another successful year for the tribe.

Many great accomplishments and strides were accomplished allowing the Chickasaw Nation to continue to grow and remain committed to providing quality programs and services for our citizens. Many of these achievements have been outlined in the following report.

Thanks to successful, diversified business operations and economic development, we have been able to offer new opportunities for Chickasaws each year. As the tribe continues to grow and move forward, we will continue with a focus on our mission of enhancing the overall quality of life of Chickasaw citizens.

As you read the 2013 Progress Report, we hope you take pride in the work and spirit of the Chickasaw Nation. We wish to carry on the legacy of our Chickasaw heritage for many future generations.

Sincerely,

Bill Anoatubby, Governor

The Chickasaw Nation

^{*} The Chickasaw Nation has implemented Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Statement 34 changes our method of recording and reporting our fixed assets. In the past, when the nation purchased a fixed asset it was shown as a expenditure in the current year. Now the purchase is shown in the balance sheet as a capital assets and depreciated over its useful life.

[^] In 2007, the Chickasaw Housing Authority received guidance from the Department of Housing and Urban Development regarding the treatment of Mutual Help housing units. This guidance states that such units should be recorded as other assets, rather than as capital assets on the balance sheet until the property is ultimately conveyed. This restatement resulted in a decrease to capital assets and an increase to other assets of \$67,566,147.
